WORK EXPERIENCE

Cummins – Marketing Data Analyst

September 2025 - current

Columbus, IN

- Mapped demand signals in Domo across email, web, and distributor channels, identified segment drop-offs before campaign reviews to improve targeting strategies.
- Refined lead and campaign data in Trifacta, lifting attribution match accuracy by 8.4% across industrial marketing reports.
- Summarized product-line data into concise reports, enhancing communication of campaign insights to commercial and channel stakeholders.
- Aligned campaign reporting logic with sales operations and product marketing, *trimming monthly dashboard prep by 13 hours*.

Hylant – Entry-Level Marketing Analyst

May 2024 - August 2025

Fort Wayne, IN

- Built producer and campaign performance reporting in IBM Cognos, giving marketing leaders a clearer view of broker engagement across 14 practice groups.
- Tracked nurture performance in Marketo to identify timing and content gaps, driving biweekly improvements in email campaign strategies.
- Worked with account teams to analyze and refine target segments using Marketo, establishing clear segment definitions for effective handoff in insurance campaigns.
- Flagged underperforming campaign paths early, *helping marketing managers redirect spend* before renewal-season reporting reached senior leadership.

EDUCATION

Indiana University – Bachelor of Science, Marketing

2019 - 2023

Bloomington, IN

CERTIFICATIONS

- Professional Certified Marketer (PCM)

SKILLS
